#GrowingLancashire

Founded in 2013, Boost is Lancashire's £7.8m Growth Hub backed by the ERDF, led by the Lancashire LEP (Local Enterprise Partnership) and Lancashire County Council. Here is how Boost can help;

Funded programmes and services

Through Boost, businesses from start-ups to large companies can get access to a number of funded programmes in areas such as mentoring, product development, leadership development and finance.

Advice on available local and national programmes

Boost can also help businesses navigate the plethora of additional local and national business support programmes to find the support they need to grow.

Boost Bespoke

Boost Bespoke is led by Lancashire County Council's Economic Development team which works with businesses to tackle specific matters such as skills, relocation and property.

How does Boost work?

Boost & Co

The Growth Hub also has a membership group of other private and public sector business support providers called Boost & Co. Members include accountants, law firms, venture capital firms, banks, colleges, business membership organisations, networking groups and many more. Members of Boost & Co have specific services and offers that can help businesses grow.
